

ICEE 2024
International Conference on Environmental Ergonomics

3-7 June, 2024 ICC, Jeju, Korea

Dear Colleagues

On behalf of the ICEE2024 organizing committee, it is our great pleasure to invite you to the 20th International Conference on Environmental Ergonomics (ICEE2024), which will be held the 3rd to the 7th of June, 2024 in Jeju, Korea. The ICEE is significant for the fields of ergonomics, thermal physiology, and human factors engineering. It focuses on understanding how environmental factors such as temperature, humidity, altitude, air pressure, and other conditions impact human performance, health, and comfort. The conference typically covers a wide range of topics including thermal comfort, heat stress, cold stress, protective clothing, acclimatization, exercise, and physiological responses to various environmental conditions. This year, ICEE2024 holds a particularly significant meaning as it is a celebration of the 20th conference, a biennial tradition since its inception in 1984. The emblems listed below symbolize the society's history over these 40 years. To commemorate this milestone, we have specially prepared a symposium on the history of environmental ergonomics and thermal physiology.

We are excited to host ICEE2024 in Jeju, Korea, an island renowned for its rich cultural heritage, breathtaking landscapes, and warm hospitality. Jeju Island is known as the "**Island of the Haenyeos**". These celebrated women with their cold-water, breath-hold diving practices, offers a unique backdrop for this conference and compliment Jeju's natural beauty and modern amenities.

We sincerely hope that you will join us at ICEE2024 and share your expertise and insights with fellow delegates. Your participation will contribute to the success of this landmark conference and help shape the future of environmental ergonomics. Please visit <https://www.icee2024.com/> for further details on registration, abstract submission, accommodation, and travel information. If you have any questions or require assistance, please do not hesitate to contact us at icee2024korea@gmail.com. We look forward to welcoming you to Jeju, Korea and experiencing an enriching and memorable conference together.
